

Aztec Resources Limited

Health and Safety Policy Statement

It is the policy of Aztec Resources Ltd to ensure, so far as is reasonably practicable, the health, safety and welfare of our employees whilst they are at work, and also the health and safety of our temporary workers /subcontractors and any others who may be affected by our business.

It is our intention to provide a safe and healthy work environment for all our workers and to provide safety conscious workers to customers in order to achieve an accident-free workplace.

We will endeavour to:

- Provide and maintain safe working environments minimising risk to health and safety
- Set standards that comply with all relevant statutory requirements relating to health, safety and the environment with regard to their effect on employees, customers, contractors and the public
- Safeguard workers and others from hazards with regard to health, safety or the environment in existing systems
- Ensure that when new substances, plant, machinery, equipment, processes or premises are introduced, adequate guidance, instruction and supervision will be provided by the client for safe methods of work to be implemented.
- Ensure all employees are aware of their own responsibilities relating to health, safety and environmental matters
- Ensure that contractors carrying out work are informed of relevant standards; are trained in procedures as necessary; and that systems are established for monitoring compliance.
- Co-operate with appropriate authorities and technical organisations, both to ensure that policies are updated and to contribute to the formulation of standards and means of compliance
- Review as necessary, existing arrangements for safety on an ongoing basis to effectively maintain health and safety measures

This policy will be reviewed periodically in order to take into account changes that may be made to Health & Safety legislation.
